(Nasdaq: WORX) announced today it was contracted by a prominent New England based acute care specialty hospital to provide its data governance and analytics suite of application solutions. The Company does not expect to incur any additional overhead resulting from this contract. The contract could be terminated after 2 years in limited circumstances and allows for up to 3 additional 1 year renewals.

“After an in-depth review by this specialty acute-care hospital located in New England, the SCWorx team is very excited to announce a 3 year service agreement for the delivery of an enterprise wide, data governance and analytics solution with this significant leader in the healthcare industry.” said Marc Schessel, CEO of SCWorx, “We greatly appreciate the confidence bestowed on our services and team to deliver enhanced data services and margin improvement solutions.
