**SCWorx Wins State University System Renewal Contract for \$427,000**

NEW YORK--(BUSINESS WIRE)-- SCWorx Corp (NASDAQ: WORX) today announced the signing of a renewal agreement with an existing Midwestern State University. Initially, the contract was a 1-year fixed-term agreement with the option to renew. This is the second contract renewal totaling \$427,000 with this highly respected healthcare provider. The university is utilizing SCWorx's data normalization and analytics suite of application solutions.

"This renewal is especially gratifying for SCWorx as it further validates that our SaaS-based platform and tools address critical issues with data normalization to provide our customers a better understanding of all components of their information in efforts to become as efficient and effective as they can be. The university requires their vendors to earn their business each year. It is a testament to the SCWorx team and our services that we are able to earn their business for the third consecutive year." said Founder and CEO of SCWorx, Marc Schessel. "SCWorx has built its business on exceeding customer expectations and we are excited to continue offering our services to this university system."

The Company does not expect to incur any significant additional overhead resulting from this contract and anticipates procuring new contracts for its software by numerous other healthcare providers in the foreseeable future.
