(3)	Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?
contrac	Yes No To the three months ended March 31, 2021, the company estimates that it will incur (all numbers approximate) a loss from operations of \$748,000, compared to a month of the comparable period in 2020. The \$400,000 decrease in loss from operations was due primarily to a to a decrease in salaries and tor expense of approximately \$488,000, partially offset by an increase in stock-based compensation (non-cash) of approximately \$130,000. Because the company's all statements have not yet been finalized, these amounts are subject to change.
